

GRADUATION REQUIREMENTS

In order to earn a high school diploma and graduate through Educ8 SA, a student must meet the following criteria:

Earn a total of 26 high school credits, including the minimum requirements in each subject area. Complete a minimum of six credits through Educ8 SA, including one credit in each of the four core subject areas (math, science, language arts, and social studies) and two elective credits. For exemption at SA universities, students need to complete a minimum of two Advanced Placement Subjects from the Core Subjects (Math, English, Science, Social Studies), pass the SAT's and apply to USAf for exemption.

Be enrolled and active in Educ8 SA for a minimum of twelve months. Be at least 16 years of age.

Meet all outstanding financial obligations with Educ8 SA.

UNITS OF CREDIT

Graduation from Educ8 SA high school is achieved through the earning of credits as specified in this policy. Credits for all high school courses and for graduation requirements will be awarded on a "unit of credit" basis. One "1.0 unit of credit" is equal to a year of instruction within a course. Some courses are offered to students with half credit, "0.5 unit of credit", is equal to a semester or half a year of instruction within a course.

GRADUATION PATHWAYS

Two graduation pathways are available to full-time students. A standard pathway aligns to the minimum credit requirements for graduation set by the State of Missouri.

Standard Pathway:

This option is recommended for students that plan to attend a community college or directly enter the workforce after high school.

Honours Pathway:

A more rigorous program of study is recommended for students that plan to apply to university.

University Exemption - IMPORTANT NOTICE:

See USAF's exemption requirements, and always check with your tertiary institutions with regards to their faculty or course requirements. It is not Educ8 SA's duty or responsibility to check this for each individual student. Remember that every tertiary institution has its own requirements.
